Project Development & Management

- 67 Wind Projects (3204 MW)
- 50 Solar Projects (1000 MW)
- 138 MW Wind Project until COD
- 36 MW Extension on an already licensed WEPP project
- Hydroelectric Project Management (51 MW)

- 2 WEPP projects until COD [100 MW (50+50)]

- Natural Gas Power Plant (CCGT) Project Management (1800 MW)

- Karatepe WEPP, Çatalca (10 MW)
- Vize 2 WEPP, Kırklareli (75 MW)

- Eber WEPP, Afyon (36,5 MW)
- Urla WEPP, İzmir (15 MW)
- Yahyalı WEPP, Kayseri (52,5 MW)
- Yamaçtepe WEPP, Çatalca (30 MW)

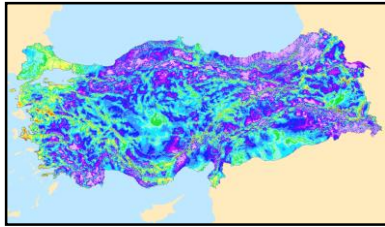

- Çataltepe WEPP, Çatalca (10 MW)

- WEPP project until COD (60 MW)

Wind Project Development

Determination of the Potential Project Sites

**AWS TruePower Windmap
(200m resolution)**

Due Diligence of the Sites

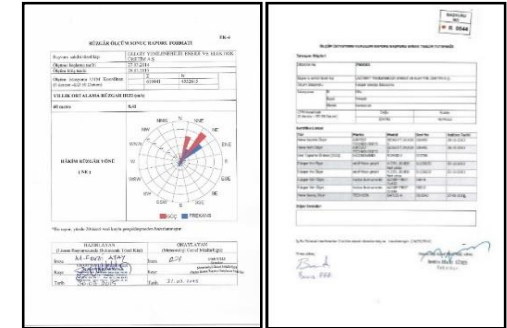

- ✓ Protected Areas Announced From Ministry of Environment
- ✓ Licenced Projects
- ✓ VOR and Radar Stations
- ✓ Mining Areas
- ✓ Substations
- ✓ Distance to Residential Areas

Financial Analysis

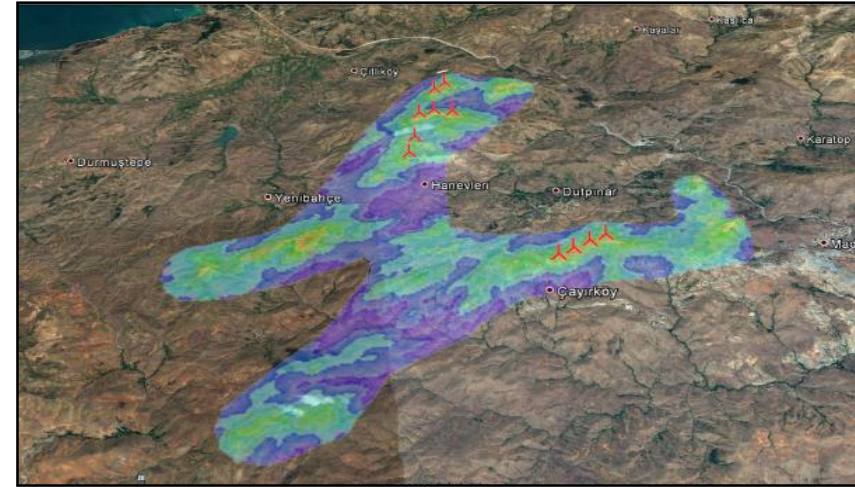

Wind Portfolio

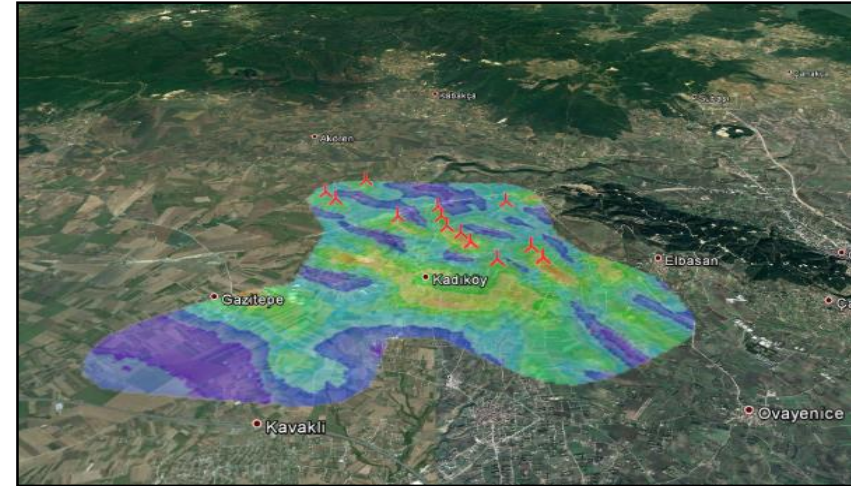

Buca WEPP

- ❖ Located in Maden, south of Elazığ.
- ❖ Total capacity of 40 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

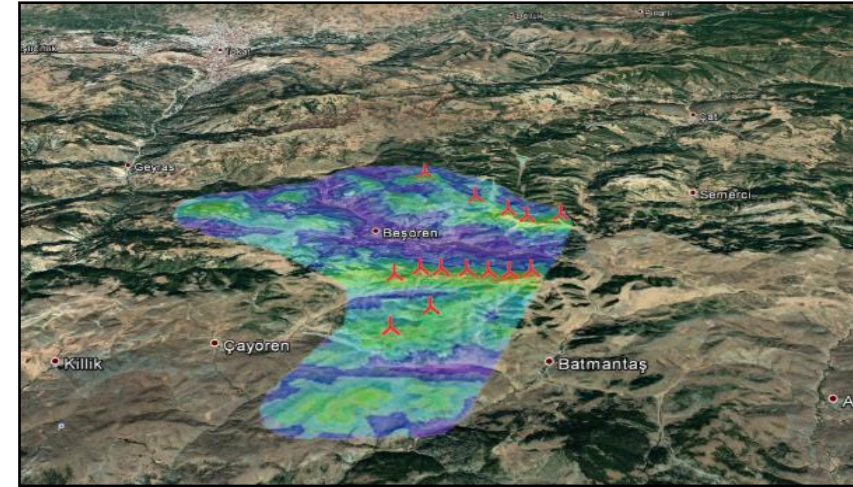

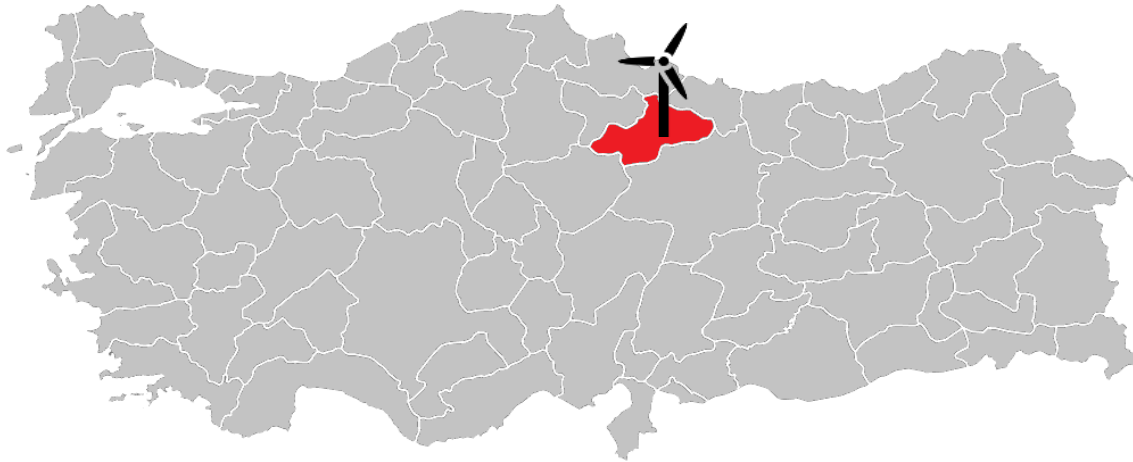

Gelgit WEPP

- ❖ Located between Silivri and Çatalca, southwest of Istanbul.
- ❖ Total capacity of 49,5 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

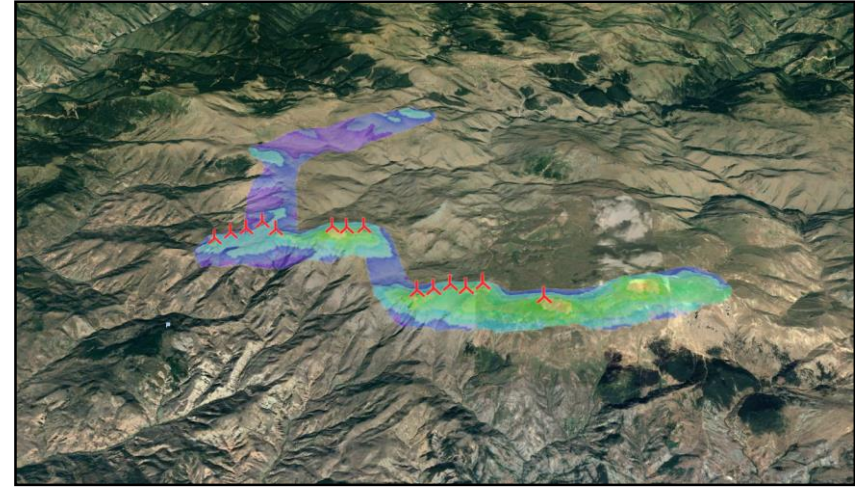

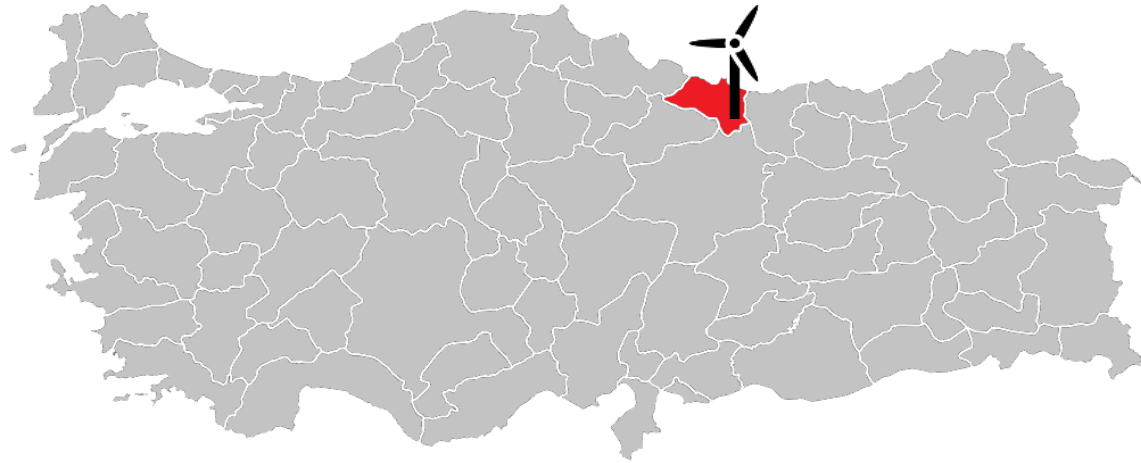

GRGN WEPP

- ❖ Located in Merkez, south of Tokat.
- ❖ Total capacity of 40 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

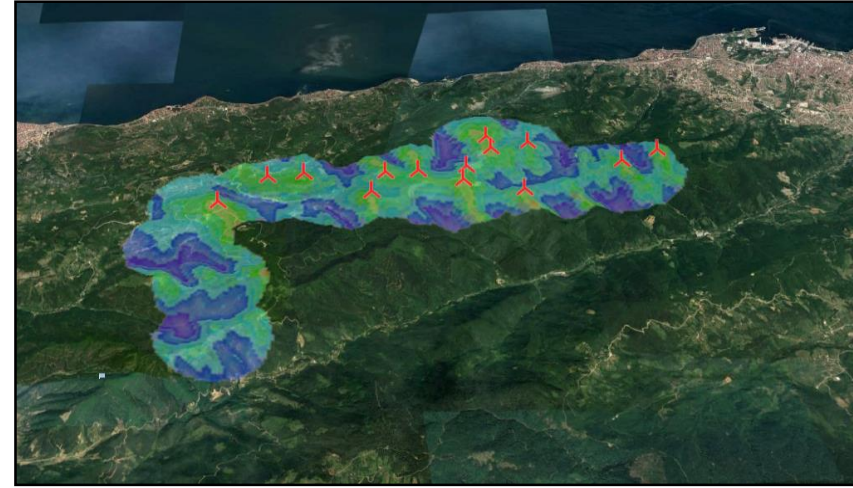

Kamelya WEPP

- ❖ Located between Mesudiye and Kabadüz, southeast of Ordu.
- ❖ Total capacity of 40 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

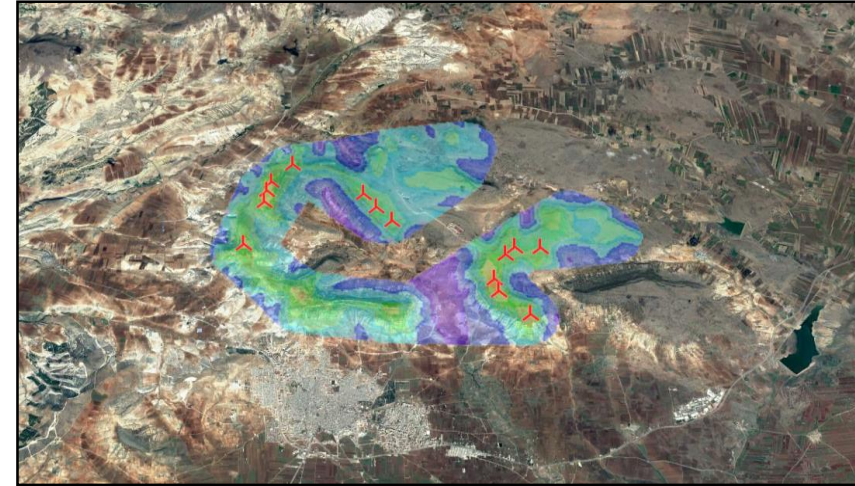

Karanfil WEPP

- ❖ Located between Gölcük and Karamürsel, west of Kocaeli.
- ❖ Total capacity of 40 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

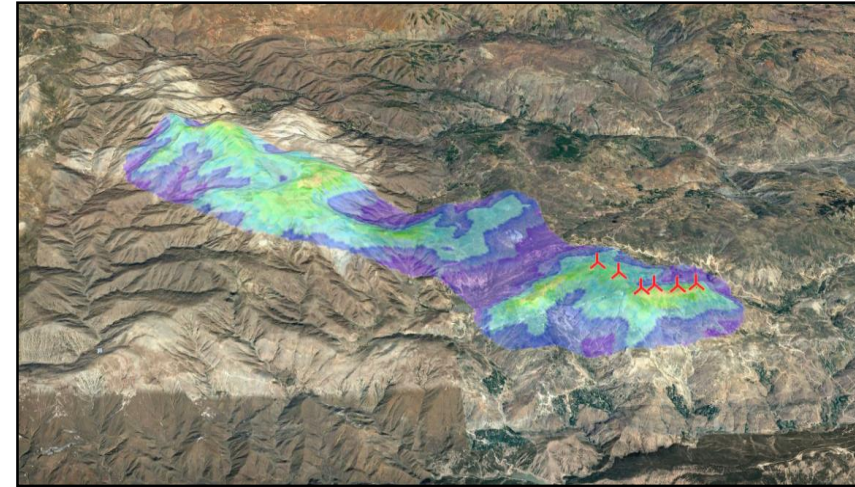

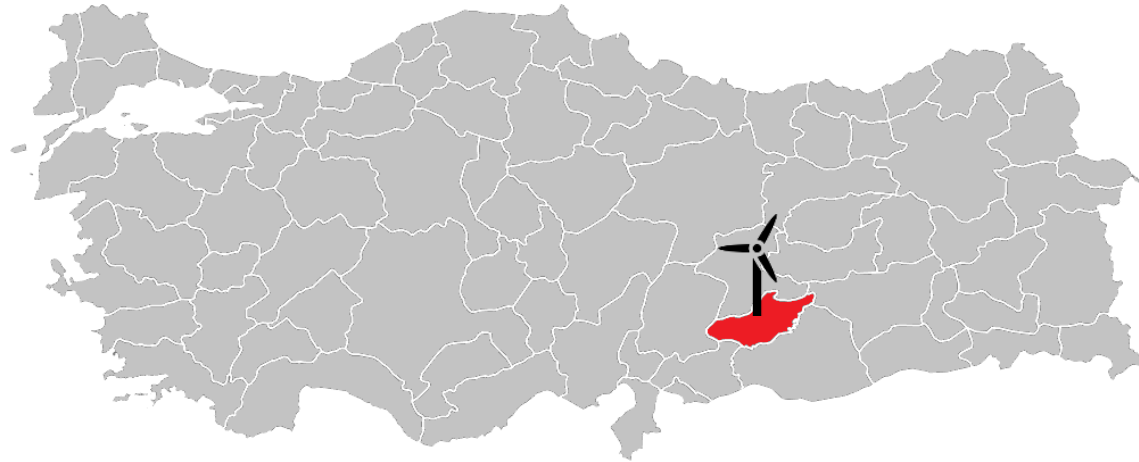

Lacivert WEPP

- ❖ Located between Polateli and Merkez, south of Kilis.
- ❖ Total capacity of 40 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

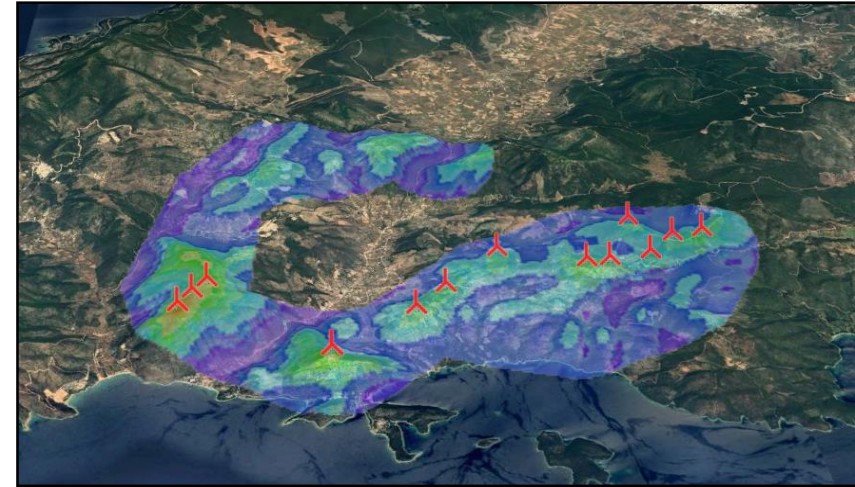

Lilyum WEPP

- ❖ Located in Sincik, north of Adıyaman.
- ❖ Total capacity of 20 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

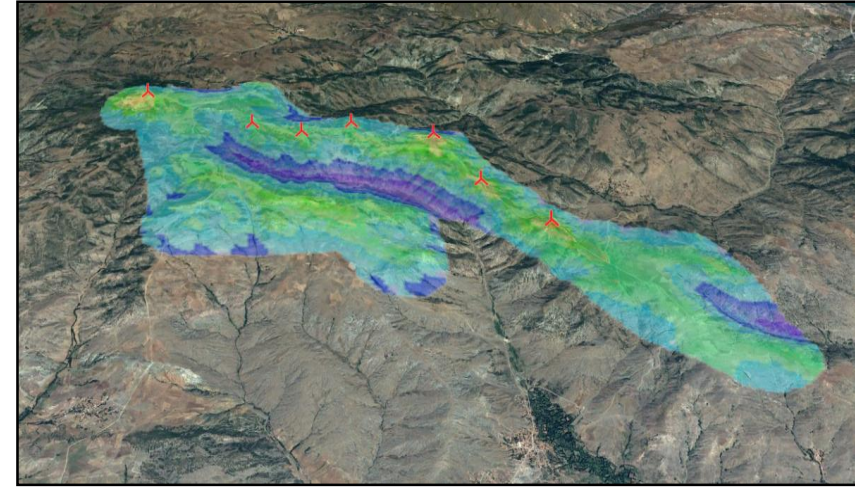

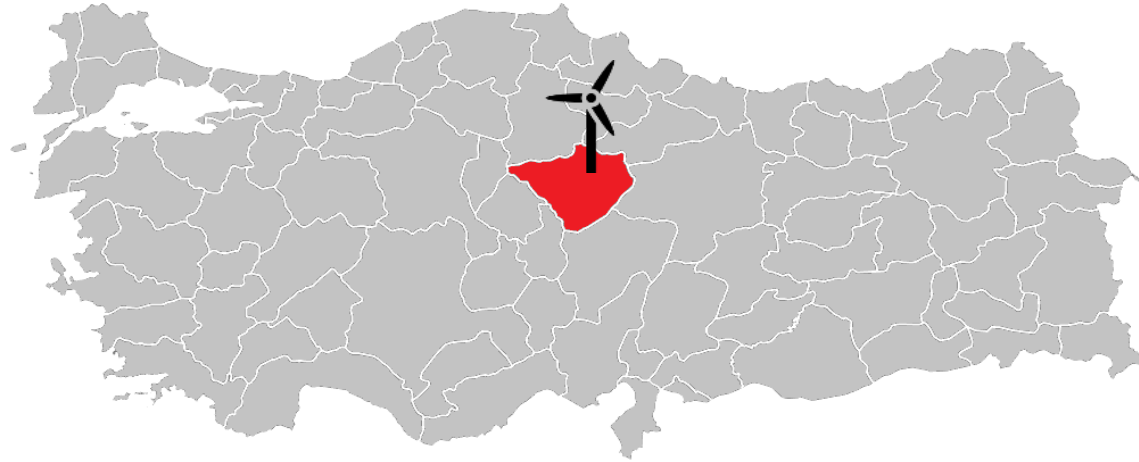

Lodos WEPP

- ❖ Located in Bodrum, west of Muğla.
- ❖ Total capacity of 49,5 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

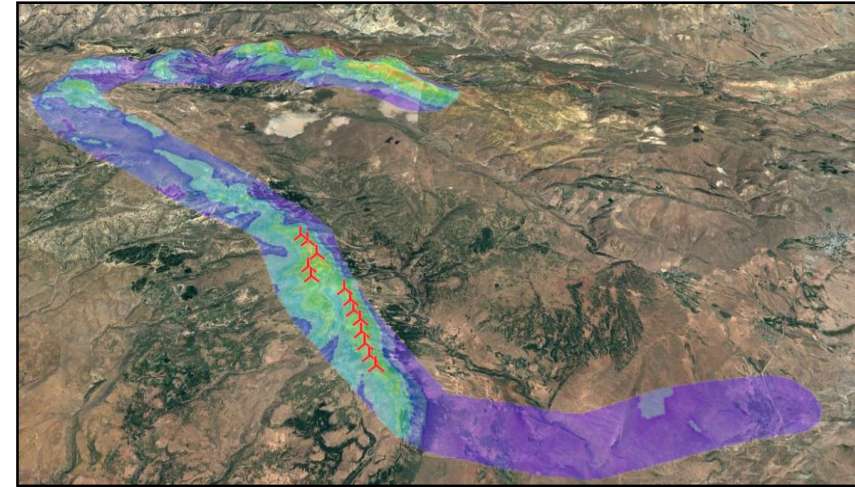

Menekşe WEPP

- ❖ Located in between Sorgun and Çekerek, north of Yozgat.
- ❖ Total capacity of 20 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.

Metafor WEPP

- ❖ Located in Karlıova, north of Bingöl.
- ❖ Total capacity of 49,5 MW.
- ❖ The project has acquired the pre-licence and is in the licence phase.
